I am writing this letter to express my opinion on the adequacy of training for persons holding or trying to obtain a C.D.L. I feel School Bus Drivers should not be included in any proposal to set guidelines for training. Training must be adequate to obtain the C.D.L. and school bus endorsement or the person would not receive the license. We are a private company and do not feel the Federal Government has the right or expertise in the field of school busing to make rules on driver training requirements.

Sincerely,

James W. Edmunds
